

Presbytery, with a view to the ministry. He was duly examined, but upon his answering that he intended to study theology at the Union Theological Seminary, the Rev. Dr. McCARTRE observed, that if the Professor taught the same doctrine as they did to the girls in Brooklyn, he did not think it the best place to study.

The Rev. Dr. Morris said that if members of the Presbytery had any scruples on that point, they might as well confess them when the students should appear for license.

The Presbytery heard and adopted the Narrative of the State of Religion in the Churches, and adjourned.
